

Vet 登陆（可跳转回其他两种登陆方式）：
跳转到一个 timetable 表格即可：

The diagram illustrates a transition from a login interface to a timetable table. On the left, a login form with a blue background contains input fields for 'account:' and 'password:', buttons for 'login' and 'register', and buttons at the bottom for 'login as user' and 'login as petstore'. An arrow labeled '-->-->' points to the right, where a timetable table is displayed on a similar blue background.

医院时间预约表
Hosptital time table
17/01/11/18
13/02/11/18
15/02/11/18
13/4/11/18

Petstore 登陆（可跳转回其他两种登陆方式）：
最好可以对应显示不同商店的不同信息（excel 文件里有），可添加狗的照片和上下滚动，如果麻烦的话显示同一个界面也行

The diagram illustrates a transition from a login interface to a pet management interface. On the left, a login form with a blue background contains input fields for 'account:' and 'password:', buttons for 'login' and 'register', and buttons at the bottom for 'login as user' and 'login as vet'. An arrow labeled '-->-->' points to the right, where a pet management interface is displayed on a similar blue background.

The pet management interface includes:

- Three rows of input fields for 'dog name' and 'number(数量)'.
- A button labeled 'add a new dog'.
- A button labeled 'log out' at the bottom right.

（add a new dog 空按钮即可）
